BUILD A BETTER COMMUNITY WITH YOUR BARE HANDS.

When you give to United Way, your money works for you at home. It goes into community services for the elderly, local youth programs and foster care.

It also helps you run blood banks and facilities for the physically handicapped.

In fact, your donation helps provide literally hundreds of services that make life a lot better for people in your town.

So when your United Way volunteer comes around, be generous.

A better community is in your hands.

Cancer attacks more than the body.

It attacks the minds of cancer patients and their families. Imagine telling a six-year-old child, "Mommy has cancer." For the cancer patients and their families, that's just the beginning. Some people find great strength when faced with serious problems. But for others, the onset of cancer can be psychologically devastating. That's why there's **CANCER CARE**.

CANCER CARE counsels cancer patients and their families in dealing with the psychological threat as well as physical problems. It's people helping people, giving hope and strength for the troubled times ahead. They're professionals who help them know that living doesn't have to end when cancer begins. It helps cancer patients and their families to continue.

CANCER CARE also refers cancer patients and their families to available services that can ease the burden and pressure of a very shocking discovery.

CANCER CARE. It's people helping people to continue.

Six reasons to choose Scudder's 7.1% tax-free

1. High current yield.

Scudder Managed Municipal Bonds is currently paying 7.1% tax-free.¹ If you're in one of today's top tax brackets you would need over 13% from a taxable investment to equal Scudder's tax-free yield. (The Fund's yield and share price will fluctuate. For example, on 10/21/85 and 10/21/86 share prices were \$8.23 and \$9.02.)

2. Today's attractive tax-free environment.

Current returns from long-term municipal bonds are very attractive when compared to the returns from comparable taxable securities. Scudder can help you take advantage of this opportunity right now.

3. High quality. As of 10/21/86 the Fund's entire portfolio falls within the top three quality ratings — 72% are rated AA or better.²

4. Scudder's professional management expertise.

Scudder is among America's most experienced investment counsel firms. We introduced America's first no-load mutual fund in 1928 and one of the first international stock funds. We're

also a leader in investing for tax-free yields.

5. Scudder's investment flexibility, convenience and value.

Scudder Managed Municipal Bonds is part of the Scudder Family of Funds. Invest and you're free to move among 15 no-load

mutual funds that offer growth, income and stability, as well as tax-free returns.

6. No loads, no fees, no surprises.

At Scudder you won't pay extra fees for tax-free yields. The Scudder Family of Funds is completely no-load. There's never a sales charge, 12b-1 charge, or unexpected "back-end" fee later.

■ Call now for free facts.

Contact Scudder Fund Distributors, Inc. for a prospectus containing more complete information including management fees and expenses. Read it carefully before you invest or send money. 1. 7.1% is the Fund's net annualized yield for the 7 days ending 10/21/86 with an average maturity of approximately 21 years. Some income may be subject to state and local taxes and a small portion possibly to federal taxes. 2. It is required that the Fund's investments be at least 80% A rated or better.
